I will never forget these few days.”

*"This was a life-changing experience for my husband. When he returned from the Retreat he was not the same - he looked at everything with new eyes and he shared his experience with many family and friends. In turn, changed their lives. He was taken care of every moment and made new friends who helped him with their stories. This is a wonderful program that we will be eternally grateful for."*

## A Couple Volunteer Stars

Dr. Vic Brugh has been a Co-Leader of our Virginia Program since its inception in 2015. This article captures his caring, dedicated service to our men. We have over 700 active Volunteers across the country who share Vic's compassion, enthusiasm, and generosity of spirit to make Reel Recovery the special organization it is. Thanks Vic, and all of you!

Danielle Lang just raised over \$11,000 for our Pennsylvania Program, in memory of her father, Daniel Kovac. Daniel was an avid fly-fisher who passed away from colon cancer last year, and Danielle has now honored his memory in such a meaningful way - by helping other men with cancer enjoy the sport her father loved. What a difference one person can make; thank you Danielle!
