REEL RECOVERY is a national non-profit organization that conducts fly-fishing retreats for men recovering from cancer. Our mission is to help men in the recovery process by sharing with them the healing powers of the sport of fly-fishing, while providing a safe, supportive environment to explore their personal experiences with cancer, with others who share their stories. **Retreats are offered at no cost to the participants** and are led by professional facilitators and expert fly-fishing instructors. Reel Recovery provides all meals, lodging and fly-fishing equipment, and no previous fishing experience is required. A maximum of 10 men are invited to participate.
