

## COVID-19 Status

Hello Reel Recovery Friends.

We hope you are well and safe.

Our deepest gratitude continues to go out to all the first responders, healthcare workers and frontline men and women who are putting their lives at risk to care for patients, and provide essential services to all of us across the country.

Please support these heroes with your kindness, patience and gratitude, and by observing your state's guidelines for safety.

- As of May 4, we have now cancelled all our Spring Retreats through June 22. Details are on our Schedule page: <https://reelrecovery.org/programs/retreat-schedule/>
- We are conducting a rolling assessment of our July and August Retreats, looking at a 60-day window for determining whether to cancel. We will continue to put the health and safety of our participants and volunteers as our top priority. Even as states begin to open, we will exercise an abundance of caution, given the high-risk nature of our population.

### **Some Good News** **20,000 Flies!**

Thank you [Tie-a-Thon](#)! We're blown away by the generosity of tiers all across the country – around the world! – whose contributions this year set a Tie-a-Thon record and will help our participants gain tight lines and smiling faces at our Retreats for years to come. Thank you organizers Tim Scott and Terry Wittorp and everyone who donated their beautiful flies; we are honored and humbled by your extraordinary generosity.

**To Help With Your Social Distancing**

We now have in stock the Reel Recovery BlackStrap Tube! Works as a mask now, and a great sunblocker this summer when you're able to get back on the water. Stay safe and support a good cause at the same time! \$25.00 available [here](#):

### [Tuesday May 5 is GivingTuesdayNow!](#)

GivingTuesdayNow is an opportunity for people around the world to stand together and use their individual power of generosity to remain connected and heal.

Whether it's helping a neighbor, advocating for an issue, sharing a skill, or [giving to causes](#), every act of generosity counts. This spirit lives at the core of Reel Recovery and we stand together with all of the helping community across the globe.

### Help Us If You Can

Thank you for your support during these challenging times. This is a wonderful community that thrives on our support of each other.
