

Our 2024 Season has Begun!

Our Biggest Season Ever
with 37 Retreats across the Globe.
[*Here is our 2024 Retreat Schedule*](#)

We've added two new Retreats this year, in
Indiana and the **United Kingdom**,
and are currently accepting
Applications to all Retreats [*here*](#).

Please share this information with any man you know who is living with cancer. This is a life-changing opportunity to get away, have some fun, share meaningful stories and make life-long friends.

To remind us all why we are involved with Reel Recovery, here are some thoughts from a couple Volunteers who have already helped out this year:

*"I can't begin to explain the impact that this organization has on people's lives, including mine. Through Reel Recovery **bonds are made, friendships are built, and helping hands are given.** It gives people a light to follow in the darkest of*

places, it makes even the most violent waters calm, **it brings hope when you think hope is gone.**" Ricky R.

"Cancer strikes at the lives of everyone, whether directly or indirectly, but **the people of Reel Recovery have stood together to tell the world that a diagnosis does not have to be a sentence!** There is still a life to be lived, friends to be made, and experiences to be had! **There's Power in this place** and I can say with all

confidence that Reel Recovery not only makes an impact in the lives of the participants, but it has in mine as well." Chris K.

And from a Participant:

"The Retreat was a milestone in my recovery. Physically it proved I could enjoy the outdoors and do the things important to me. Mentally, it opened a world of knowing; **I'm not in this alone and there are people out there willing to give themselves** to each other for support." Mark B.

There is Power in this place;
there is Light to follow in the darkness.
That is what Reel Recovery is and we thank you for
your continued support.
